## PROFILE

Confident Junior Full-Stack Software Developer with a growing expertise in data engineering and cybersecurity. Passionate about web development, data solutions, and security, with a proven track record in driving business strategy and revenue. Recently transitioned into tech with hands-on experience in HTML, CSS, Bootstrap, JavaScript, Python, Django, Heroku, SQL, data pipeline design, Power BI, and penetration testing. Seeking a role where I can leverage my diverse skill set to develop innovative, secure, and data-driven solutions in the tech industry.

## KEY SKILLS

- **Tech Languages:** HTML, CSS, JavaScript, Python, SQL, DAX
- **Frameworks:** Django, Bootstrap
- **Platforms:** GitHub, Heroku, Microsoft Azure, Kali Linux
- **Databases:** SQL, PostgreSQL, Power BI
- **Tools:** Apache Spark, Power BI, Penetration Testing Tools (e.g., Nmap, Wireshark)
- **Languages:** English (Fluent), French (Fluent), Spanish (Fluent), Arabic (Fluent)

## EDUCATION

### HyperionDev (December 9, 2024 – March 30, 2025)

- **Cyber Security Bootcamp:** Trained in risk assessment, threat detection, and vulnerability management.
- Gained hands-on experience with tools like Kali Linux and learned to mitigate threats such as cross-site scripting (XSS), SQL injection, and man-in-the-middle attacks.

### Iungo Solutions (September 16, 2024 – January 18, 2025)

- **Level 5 Data Engineering Bootcamp:** Focused on designing and implementing data architectures and automated pipelines.
- Gained expertise in tools such as Apache Spark, Microsoft Azure, and Power BI, as well as programming with Python, SQL, and DAX.

### Code Institute (March 2024 - July 2025)

- **Full-Stack Web Development Bootcamp:** Covered HTML, CSS, Bootstrap, JavaScript, Python, Django, SQL, Heroku, and GitHub.
- Additional training in Agile, Scrum, UX design (wire-framing, prototyping), unit testing, and debugging techniques.

### Panthéon-Sorbonne University - Paris (September 2005 - 2006)

- Completed coursework in Politics and Economy before pursuing other opportunities.
- Developed strong teamwork, attention to detail, research, and analytical skills.

## PORTFOLIO PROJECTS

### CanDo- Kansan Board (Final Project) Pass

- **GitHub** : <https://github.com/wgwhitecoding/CanDo-CiFinal>
- **Technologies Used** : Django, HTML, JavaScript, CSS, SQL, Git, GitHub, python

### Who Wants To Be a Millionaire (Quiz game)

- **GitHub** : <https://github.com/wgwhitecoding/Who-Wants-To-Be-A-Millionaire>
- **Technologies Used** : HTML, CSS, JavaScript

### Crew Weather- Hackathon (Weather site)

- **GitHub** : <https://github.com/ChrissyLV/crew-weather>
- **Technologies Used** : HTML, CSS, JavaScript

### Portfolio - (Personal Portfolio )

- **GitHub** : <https://github.com/wgwhitecoding/portfolio>
- **Technologies Used** : HTML, CSS, Bootstrap, JavaScript

## SELECTED ACHIEVEMENTS

- Learning to code
- Successful delivered 1000+ 5-star rated events over a 4 year period at Filthy Habit.
- Raised £100.000 for Build Bonnie's Dream, supporting underprivileged children in Cambodia.
- Supported the production of Sir David Attenborough's Blue Planet as a freelance scuba instructor.

## PROFESSIONAL EXPERIENCE

### Lightency (March 2022 - Present )

Community manager - Remote

- Developed and executed marketing strategies
- Cultivated community engagement through monthly webinars and social media campaigns, boosting client satisfaction scores by 25% and 40% repeat business within six month
- Organised promotional events

### Freelance Scuba Diving Instructor (2016 - 2023)

Various location around the world

- Instruct, train, coach and mentor future divers, ensuring health and safety standards are followed as a priority during all dives, displaying a calm demeanour to make clients feel comfortable during the training process
- Utilise language skills to effectively communicate with individuals from around the world.

### Filthy Habit Event Production (2012 - 2016)

Founder - Koh Phi Phi islands Thailand

- Develop marketing strategy to promote Filthy Habit Production Events, leveraging data-driven insights and achieving 30% increase in event attendance while maintaining strict budget constraints.
- Design and run premium events including speedboat and private BBQ beach parties
- Ensure relevant health and safety and risk assessments completed for all events
- Liaise and negotiate with vendors and suppliers to deliver superior events whilst meeting cost objectives

## **Build Bonnies Dream (2011 - 2016)**

### **Co-Founder - Hybrid**

- Oversee the project management of a school building project in Phnom Penh
- Drive fundraising efforts to support various initiatives (£100,000 raised to date)
- Partner with local ambassadors/volunteers to ensure funds are distributed appropriately
- Manage the promotion of Build Bonnie's Dreams website to attract volunteers to support the Organisation

## **Liberty Island Consulting (2010 - 2015)**

### **Founder - Hybrid (Barcelona)**

- Grew portfolio of clients, providing tailored, strategic solutions to client needs
- Managed a team of 12 staff whose primary responsibility was to consult with our worldwide portfolio of clients.
- Offered investment consultancy advice to start-ups encompassing stocks and shares and other investment tools
- Developed website and marketing strategy for the business
- Maintained company accounts, payroll, policies and procedures as well as other duties associated with company ownership
